

Our Learning Journey

We came back after the holiday to discover slimy, green footprints in the corridor! We also found strange traces of green fur in our classrooms which we thought must belong to a huge beast. We made posters to warn others about the monster and used statements, commands and questions.

In maths, we have been learning about length this week. We compared different lengths and used cubes to estimate and measure the length of the beast's footprint. We then measured our own footprints and compared our results to the beast's.

In PSHE we have been teaching Maz the Monster about feelings, looking at how different feelings affect our face and body language.

Our Home Learning

Phonics: We have been learning the a-e and e-e split digraph sounds this week. Can you think of any words which are spelled in this way?

Reading: Please read for 10 minutes every day and write in your reading record.

Maths: What items can you find at home that are used for measuring?

Learning Log: You have received a new task today which should be completed by November 14th.

Our Learning Toolkit

We used our imagination tool to imagine what the beast might look like and make posters warning others about it.
