Year 2

Learning Journey: Survival

Our Learning Journey this half term

We have explored a non-European geographical area, Alaska comparing physical and human features with those we learnt about in the UK. We have been completing our final edits and publishing pieces of our writing. In maths this week we have introduced measuring length using standard units metres (m) and centimetres (cm).

Holiday Home Learning

Next term we will be focusing on significant figures in history, so over the holidays can you chose a famous person from history that interests you. What did they do? What type of person were they? How did they change the world?

Over the holidays we would like children to rest and enjoy family time. Try and get lots of fresh air outside in nature and consider your 'Mindapples'. It is important that the children continue to read every day. For those that want to encourage writing, children can write shopping lists, letters of thanks, invitations and diary entries. Please continue using Time Table Rock Stars and practising times tables for at least five minutes a day.

Spellings for the holidays will focus on learning ordinal numbers.

Our Learning Toolkit this half term

The children have made great use of their imagining tool this half term. They have joined in when we have had an emersion activity to start a new book and been very creative with their own story ideas.

Dates for your Diary

Holiday Dates

Children return to school: Monday 6th January

Half Term

Monday 17th – Monday 24th February.

Children return to school: Tuesday 25th February

KS1 Celebration Assemblies

Friday 10th January, Friday 24th January, Friday 7th February, Friday 28th February, Friday 13th March, Friday 27th March
