

#### Our Learning Journey

- This has been a really busy week in Year 2, full of exciting and fun activities. We started off this week with a special visitor, the writer Andrew Clover who came to share with us his 7 secrets to fabulous story-telling. The children enjoyed listening to him and using his advice to create a fantastic story.
- The children have also been making the most of all the things they learnt from our visit to the Globe Theatre. We have been using different drama techniques like 'story whoosh' and 'hot seating' to bring to life the Shakespeare text we are exploring, *A Midsummer Night's Dream*.
- In maths we have continued to work with addition of 2-digit numbers and we have introduced 'regrouping', which is what we have to do when in the sum we have 10 or more ones; we need to swap them for a ten (e.g. in  $54+17$ ). We have been doing this with practical resources and drawing pictures of the tens and ones to help us.
- In reading, the children are really engaged with our reading text, *Rabbit and Bear*. We have been working very hard to develop our reading skills, like making inferences about the story and backing them with evidence from the text; sequencing events and making predictions based on what we know.
- We also had a fantastic World Book Day! We were so, so impressed with the creativity and hard work the children put into their costumes this year. We had a really lovely day and the rain did not stop us parading around the school to show off Year 2's amazing book characters. Thank you so much for all the effort you put into this to make it a success!

#### Home Learning

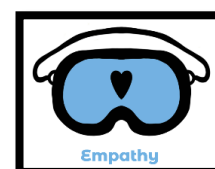

- Spellings:** This week we are practising the sound /l/ at the end of words, and how this is most commonly spelt 'le', e.g. terrible, snuffle, shuffle.
- Reading:** Please continue to read **with** your child every day and to discuss their reading with them to help develop good reading comprehension skills.
- Maths:** In addition to practising their time tables, it would be great if you can ask your child to explain and demonstrate how they have been adding 2-digit numbers within 100.
- Learning log:** Please remember that your child still has one more week to complete their learning log task.

#### Our Learning Tool

##### Kit

This week we have been great at using our empathy goggles, especially during our

Shakespeare drama activities, when we explored the motives and feelings of some of the characters from *A Midsummer's Night Dream*.
