

Dear _____

Welcome to your home learning pack! Inside you will find lots of maths and literacy activities to keep your brain working while you are at home. Some of these will be activities you can do yourself and some will need a bit of explanation from an adult first. Where possible, please try and stick to this timetable:

- 1 maths activity per day
- 3-4 short pieces of writing per week (these can be completed over time rather than all in one go)
- 5 minutes TTRockstars practice every day
- 20 minutes of reading every day.

Despite the fact that the SATs tests are no longer taking place in May, we would still like you to demonstrate all of the progress you have made this year. We have purchased access to 'SATs Tests Online' which will allow you to test yourself online in reading, maths and SPAG; this will also prepare you for your transition to secondary school. Please use the website daily.

We are disappointed not to be able to see you do your learning over the next few weeks; please keep everything that you do so that we can share it when we are together again. If you make anything exciting or take any photos, you can bring these in to share as well! We are looking forward to seeing you all again soon and seeing the progress you have made.

From,
Miss Nash and Miss Davies

Here are some useful websites:

Handwriting

➤ **Skywriter**

<http://www.ictgames.com/mobilePage/skyWriter/index.html> this is a fun way to practise your handwriting by copying the movements of the jet. Please don't use the cursive option as we don't use the lead in shown in this game.

Maths
